Malmö, January 22nd, 1987

Dear Mr Constant,

The COBRAexhibition was a success - we had a large number of visitors and a positive and widespread publicity.

Please find enclosed a listing of the COBRA press cuttings. The response from the newspapers and journals were very positive. All the important newspapers in Sweden and Denmark as well as more local newspapers all over Sweden have published articles about the exhibition. The Swedish television and radio had presentations at several occasions.

The listing includes all the presentations. The enclosed copies of the articles are taken from the largest newspapers in Sweden and Denmark, difficult for you to read, I am afraid....

If you have any questions in connection with the exhibition, I will be glad to help.

Yours sincerely,
MALMÖ KONSTHALL

Marianne Sandgren-Petersson
